### Brief Description:

Two-story, vinyl house with a front-gable of asphalt shingles on a brick foundation. The original Carpenter Gothic decoration can be seen in spite of the copious vinyl siding and includes window and door surrounds with castellation effect and gable end decoration. The windows are 4/4 wood-frame. A small, stepped gable is on the 2nd story at the center of the façade (W), with a circular light in the gable end and a modern glazed, wood door leading onto the flat roof of 1-story porch below. Flanking this vestibule are 4 windows. The first story has a centered flat-roof porch atop 20th century boxed columns on brick piers with concrete caps and connected by a low knee wall. Under the porch are a centered, glazed-wood door with molding and 2-light transom and 2 windows. There are also 2 windows outside the porch at either end of the façade. The house also has boxed vinyl eaves and 2 painted brick chimneys on the N and S slopes. The interior retains a great deal of integrity, with 5-panel wood doors, with 2-light transoms above and 20th century fireplaces.
