Brief Description:

One-story, scored brick house with a truncated hip roof of asphalt shingles on a brick foundation. A front-facing gable projects at the center of the façade (S), supported by brick columns with concrete caps. It is pedimented with rough stucco in the tympanum and pent asbestos cement shingles. The flat extensions of porch to either side of the gable appear to be additions. A low knee wall connects brick piers with concrete caps. There is a continuous water table. There are 3, symmetrical bays under the porch, consisting of a centered, 15-light wood door with 3-light sidelights, which is flanked by 9/1 wood-frame windows with concrete sills. There is one, exterior, brick chimney on the W elevation and an interior chimney on the rear.
